### ONLY A LITTLE THING.

The secular press is carrying the story of how a crawfish, not over three inches in length, shut down a big iron plant in Wheeling, W. Va., and threw 3,000 men for the time being in idleness. The crawfish had traveled from the river through the pump plant to the city reservoir and thence through the water mains and pipes until it reached the meter of the LaBelle Iron Works. Lodging in the meter it shut off the supply and stopped the whole plant. Only a little thing, but it cost that plant the loss of considerable time and money.

Only a cigarette but it turned a bright boy into a nicotine reservoir. He failed in college and he failed in business because his heart and brain were poisoned by the "little white slayer."

Only a social glass, but it turned a brilliant youth into a poor old drunkard. Money gone, friends gone, loved ones desolate and broken-hearted, he finally fell under the wheels of a rushing locomotive and his poor soul went out into the night of eternal gloom.

Only a "little sin" unrepented of and unforgiven, but it brings on the sinner the full penalty of the law that declares that the soul that sinneth shall die. "The wages of sin is death."

In view of the tremendous possibilities of good and evil that are to be found in almost every thought and action, we sometimes wonder if there are any "little things" in this world. A tiny wire may carry a spark that will blow up a mountain. A word may create influences that will shake a nation. The life of a humble peasant has revolutionized the world and will sooner or later give it a civilization beyond anything for which we have yet had the courage to hope. Surely there are no little things.

## To Ex-service Men.

To County Superintendent:

Right at this time while competent teachers are so few I desire to call your attention to one way in which young men may be trained for the profession.

The Young Men's Christian Associations of Tennessee have recently informed me that funds were available in the different counties for scholarships to be awarded ex-service men. A teacher's course at Peabody college or one of the State Normal schools is offered as one of the professional courses, or a special summer course at Blue Ridge, North Carolina, can be taken.

If you know of any ex-service men who you think would desire to take advantage of this opportunity I hope you will put them in touch with Mr. A. B. Richardson, State Secretary of the Y. M. C. A. for Tennessee. His address is Nashville.

Yours very truly,  
Albert Williams,  
State Superintendent.
